RETRAINING

REMINDER; This is not a course for staff who are struggling with the recertification exam, that retraining needs to be handled by the RN in your agency. The retraining course is for those staff who are making medication administration **errors** that have **reached** a **serious level**.

The retraining course will be held over two full days for a total of 12 retraining hours and will be offered every month. This class may be cancelled due to low enrollment.

Registration for the retraining will be sent to the med admin unit in Central Office. As with the initial course, the med coordinator for your agency should be the only person registering staff for this retraining course. One of the major differences in the registration process for this course is the requirement to include the name of the RN who oversees the staff's certification, along with a contact number. The nurse will be contacted and information must be received from the RN prior to the staff being admitted to the class.

All trainings will be held at the DDS Hartford office.
